IDEAS FOR SPEECH TOPICS

Sometimes, the challenge of finding a topic is harder than writing or presenting the speech! The best topics are those that you already know well. Your familiarity with the topic will help make you more comfortable in front of an audience. Consider these ideas the next time you get stuck for subject matter!

1. Family Stories : Holidays, Vacations, Celebrations, Reunions, Anniversaries
2. "Firsts" : Job, Home, Trip, Date
3. "Practice" Speeches (Giving a presentation? - Practice on the club!)
4. How to "Fix" the World: Environmental, Social, Political Issues: At Company, Local, City, State, National, or Global Levels
5. Pet Peeves (What irritates you?)
6. Work (Your profession, your aspirations)
7. Life Events: Births, Deaths, Weddings, Divorces, Graduations, Funerals, Moves
8. Travel: For work, vacation, or family event
9. "Favorites": Organization, Relative, Song/Music, Food, Sport, Hobby, Book/Author, Movie, Neighbor
10. "BEST / WORST": Apply "Best or Worst" to any topic above (Best/Worst Trip, Job, Movie, Holiday, etc.)

Remember, just about *anything* can be a good idea for a speech. Everyone has a story to tell, and you know your story better than anyone. Share your story. Give a great speech!
